

2009-2010 Schedule for Pesticide CE and Permit Renewal

If your last name begins with “A thru H”, you permit or operator ID for pesticide use expires December 31, 2009.

We will renew permits, operator IDs and offer continuing education every Friday, except county holidays, at 2PM from November 1, 2009 through January 31, 2010 at our new office on the corner of Route 49 and Main St. in San Andreas. You are invited to attend any Friday afternoon, with a reservation, regardless whether or not your permit is expiring. A short session will be held to renew permits and operator IDs, followed by a Continuing Education session, worth 2hrs of laws and regulations, for those that need hours or have an interest.

Space is limited to twelve people per session, so please RSVP to 754-6504X3 to reserve your space. All classes start at 2pm.
